Technical Data Sheet

3 in 1 Over-fascia Ventilated Eaves Protector and Bird Comb OVEP- 310

The Thysis Over-fascia Ventilation with Bird Comb system is a one-fix system fitted to the top of the fascia providing the following features and specifications;

- UV Stable polypropylene – made from 100% re-processed material
- Eaves Protectors have 1000 mm length and 200 mm cover width
- Suitable for use with both full replacement fascia boards and capping of all sizes
- Designed to resist water ingress and ponding with an easy fit overlapping engagement
- Suitable for roofs between 15 and 70 degrees pitch when 10mm (10000mm² per metre) ventilation is required
- Nesting insect, bird and rodent resistant
- Engineered nail/screw ports, with sleeves to guide fixings into the center of the fascia
- Satisfies all NHBC requirements
- Complies with BS5250-2011.
- 15 Year guarantee
